

MOHIT KUMAR

Full Stack Software Engineer | .NET | Python/FastAPI | React | Next.js | Azure

kashyapkim302@gmail.com | 7015325817 | Shahbad, Kurukshetra, India

PROFESSIONAL SUMMARY

Full Stack Software Engineer with 5+ years of experience building and deploying enterprise applications for Government of Punjab NIC projects. Strong backend expertise in C#, .NET, Minimal APIs, Clean/N-Layer Architecture, PostgreSQL, Docker and Kubernetes, combined with React and Next.js. Hands-on Python experience of approximately 1 year, including FastAPI-based APIs and AI-enabled applications. Built a face-recognition authentication and attendance platform integrating government face-recognition APIs, .NET authentication/SSO APIs, and a React + Next.js frontend. Also developed a reusable chatbot package using Python/FastAPI, Tesseract OCR and Groq SDK for document and web-content question answering. Comfortable with AI-assisted development, API integration, production troubleshooting, cloud/devops workflows, and end-to-end feature ownership.

TECHNICAL SKILLS

Languages: C#, Python, TypeScript, JavaScript, SQL

Backend: .NET 7/8/9/10, ASP.NET Core, Minimal APIs, Web API, MVC, FastAPI, Entity Framework, LINQ

Frontend: React.js, Next.js, Tailwind CSS, HTML5, CSS3, Bootstrap, Blazor

AI / Data: Face Recognition APIs, Tesseract OCR, Groq SDK, document text extraction, chatbot/QA workflows

Databases: PostgreSQL, SQL Server, Redis

Architecture: Clean Architecture, N-Layer Architecture, Microservices, REST APIs, reusable packages/libraries

DevOps / Cloud: Docker, Kubernetes, IIS, Linux/Windows deployments, Jenkins, Git, Azure DevOps, Azure

AI Engineering: AI coding agents, agent-assisted development, API/tool integration, security-aware code review

WORK EXPERIENCE

Senior .NET Developer (Full Stack & Lead) | Akiko Sherman Infotech Pvt. Ltd. (Vendor to NIC Punjab) | Jun 2024 – Present

- Lead development and ongoing enhancements of SPORTS, a state-level platform for player registrations, tournament participation, certificates and awards.
- Manage LBPAMS (Local Bodies Poll Monitoring System) for Nagar Panchayat, Zila Parishad and Municipal elections.
- Design and implement full-stack solutions using C#, .NET, Minimal APIs, React.js, Next.js, Tailwind, PostgreSQL, Entity Framework, Docker and Kubernetes.
- Develop and support enterprise services using Clean Architecture, Microservices and reusable .NET libraries; deploy and troubleshoot applications on Linux, Docker and Kubernetes.
- Currently contributing to the BBMB enterprise platform spanning 13 modules and interconnected services.
- Develop FlowCore, a reusable .NET package/framework for standardized file movement and workflow processing across multiple projects.

.NET Backend Lead Developer | Velocis Systems Pvt. Ltd. (Vendor to NIC Punjab) | Jul 2022 – May 2024

- Architected and developed PAMS, an election monitoring platform for Vidhan Sabha and Lok Sabha elections.
- Designed N-Layer architecture and database schemas; built APIs using C#, .NET 8, Entity Framework and LINQ with PostgreSQL, Redis and SignalR.
- Handled IIS deployments, production rollouts and troubleshooting.
- Received Appreciation from CEO Punjab for successful PAMS implementation.

Web Designer / Junior Developer | Tritans Solitaire Pvt. Ltd. | Jul 2021 – Jun 2022

- Designed and developed 5–6 responsive websites using HTML, CSS, Bootstrap, jQuery and JavaScript.
- Collaborated with the design team on UI/UX improvements and cross-browser compatibility.

AI / PYTHON PROJECTS

Face Recognition Authentication & Attendance Platform | Python / FastAPI / React / Next.js / .NET Integration

- Built a face-recognition platform using Python and FastAPI to authenticate users through face verification and support attendance marking.
- Integrated APIs provided by a government system for face-recognition/verification workflows.
- Integrated .NET authentication and SSO APIs with the Python services to connect the recognition workflow with the existing identity layer.
- Developed the frontend using React + Next.js and connected it to the FastAPI and .NET APIs.
- Implemented an end-to-end flow covering user authentication, face verification, successful identification and attendance capture.

Reusable AI Chatbot Package | Python / FastAPI / React / Next.js / Tesseract / Groq SDK

- Developed a reusable chatbot package that can be integrated into other applications to answer questions using project data and web content.
- Built Python/FastAPI APIs for chatbot orchestration and application integration.
- Used Tesseract OCR to scan documents and extract text for downstream question answering.
- Integrated the Groq SDK to process and search extracted PDF/document content and web content for relevant answers.
- Designed the package for installation/integration into existing projects rather than as a standalone chatbot only.

- Built the frontend experience using React + Next.js and integrated it with the backend APIs.

KEY ENTERPRISE PROJECTS

- SPORTS Management System (2025–2026, NIC Punjab) – Full-stack platform for player registration, tournament participation, certificates, awards and government scrutiny workflows.
- LBPAMS (2024–Present, NIC Punjab) – Local Bodies Poll Monitoring System for Nagar Panchayat, Zila Parishad and Municipal elections.
- BBMB Enterprise Platform (2025–Present, NIC Punjab) – 13-module enterprise solution using Microservices and Clean Architecture.
- FlowCore – Reusable .NET framework/package for standardized file movement and workflow processing; integrated by consumer applications through NuGet.
- PAMS (2023–2024, NIC Punjab) – Election monitoring system for Vidhan Sabha and Lok Sabha elections.
- SMS Management System (Jul–Aug 2025, NIC Punjab) – Centralized SMS gateway management system using .NET 9 Minimal APIs, SSE, React and Next.js.

EDUCATION

B.Tech – Computer Science & Engineering | Kurukshetra University | 2017–2021 | 72%

ACHIEVEMENTS

- Appreciation from CEO Punjab for successful implementation of the PAMS Project.
- Led full-stack and backend teams for NIC Punjab projects with 100% on-time delivery.
